# INTERNATIONAL WEEK TECHNOLOGY APPLIED TO BIOLOGICAL SYSTEMS

MONDAY 11<sup>TH</sup> – FRIDAY 15<sup>TH</sup> MARCH 202

**Target audience: Students of Agricultural Engineering, Agro-Industries, Biotechnology, Chemistry, Biochemistry, Applied Engineering**

**Our international week offers students the opportunity to learn about different technologies applied to biological systems including molecular techniques in food production, plant and protein engineering, usage of recombinant microorganisms as well as drug design and discovery**

**Students with Erasmus BIP grant and UPCT students: free**

**Students without Erasmus grant: 100 EUR registration fee (accommodation not included)**

**Registration until 15th of January 2024**

**More Information and registration:
